

CUB SCOUT PACK 801

CUBMASTER'S

Column

Hi Pack 801! Ready or not, fall is officially here! The campout was the first glimpse of it, with scouts braving temperatures in the 40's overnight. It had been 2 YEARS since Pack 801 had a Pack Campout, and this one was a huge success, with almost every Scout in attendance! There was geocaching, led by a few older siblings who are in Scouts of America. There were obstacle courses and field games. There was a campfire with skits and jokes. Classic nighttime games like Ghost in the Graveyard! I hope that most of the Scouts had a truly wonderful, safe, and memorable experience!

With winter looming ahead, the Pack will do our best to safely meet indoors at Olson Elementary. The lunch room is large enough for physical distancing. As long as guidelines allow, we will forge ahead, keeping the Scout Law points of Cheerful, Brave, Obedient, and particularly Clean at the forefront of our meetings.

WHAT
we've been
up to

Above: Our September Camp Out at the School Forest went well! Although nights were chilly, the days were warm and it was a joy to see all the kids joining in. Rope tying, swashbuckling geocaching (created by several older Scouts), hiking, roving the forest, experiments in science and shared meals filled the weekend.

Upcoming Pack Events

Wednesday, October 20: Last day to sell popcorn! Turn in one check for entire amount sold to Amy Byrnes by this date.

Tuesday, November 16: November Pack Meeting, 6:30-7:45pm

Tuesday, December 14: December Pack Meeting, 6:30-7:45pm

Tuesday, January 18: Pack Meeting and Pinewood Derby Car Turn-In, 6:30-7:45pm

Saturday, January 22: Pack 801 Pinewood Derby, 9-11:30am

Popcorn Sales Update

We are having a great popcorn selling season. This year's sale ends soon so email or drop off your final orders and payments by this Wed, Oct 20. Questions? ajmbyrnes@yahoo.com or 608-345-5567.

Our sole Tiger Scout, Hazel has been working on earning her Bobcat badge. This month Hazel and her big brother Henry, an AOL Scout, are focusing efforts on grocery store popcorn sales and selling door to door in our neighborhood. Who can resist siblings in uniform?

We may be joining forces with the Lions and our lone Wolf as the year progresses.

Lindsay Smith,
Tiger Den Leader

TIGER

Coming off a busy and exciting September, the Bears continue to have fun gathering in the great outdoors. This month the Bears tackled the Baloo the Builder adventure, where they learned about woodworking, essential tools, and safety while focusing on being trustworthy. The Scouts had the opportunity to practice their skills using the tools they learned about and then apply those skills putting together their own pirate ships!

Mark Pingel,
Bear Den Leader

BEAR

ARROW
of light

The AOL scouts recently gathered for a den meeting. We were joined by a Webelo, a Lion and a Tiger which was so fun! We learned how to check your vehicle's oil levels and tire pressure, participated in a fun experiment with a hard boiled egg and ran a fabulous fitness course!!!

As a den we've completed most of the requirements for the Supernova Award, which recognizes superior achievement in the fields of science, technology, engineering, and mathematics (STEM).

Amy Byrnes,
Arrow of Light Den Leader
